IN ORDER TO SECURE MAXIMUM DISTRIBUTION OF THE SERIAL NUMBERS OF THE MONEY PAID IN THIS CASE, [REDACTED] SEATTLE TIMES, SAC CONTACT, HAS BEEN APPROACHED BY ME TO DETERMINE IF THE PAPER WOULD BE WILLING TO PUBLISH THIS LIST.

[REDACTED] HAS ADVISED THAT A STUDY OF THE COST OF THIS MATTER REVEALS THAT LABOR COSTS IN COMPOSING WOULD RUN APPROXIMATELY SIX HUNDRED DOLLARS AND THE NEWS PRINT COST WOULD RUN APPROXIMATELY ONE THOUSAND DOLLARS. SHOULD THEY PUBLISH THIS AT THE PUBLIC SERVICE RATE, THE COST WOULD BE APPROXIMATELY THREE THOUSAND DOLLARS AND AT THE REGULAR COMMERCIAL RATE, IT WOULD RUN APPROXIMATELY FIVE THOUSAND DOLLARS. HE HAS ADVISED THAT BY PROVIDING A PREPRINTED MAT, THE COMPOSITION COST COULD NOT BE ELIMINATED SINCE THEIR UNION CONTRACT WOULD REQUIRE THAT THE COST BE PAID NONETHELESS. [REDACTED] HAS INQUIRED IF THE BUREAU WOULD BE WILLING TO PAY THE ACTUAL COST UP TO SIXTEEN HUNDRED FOR PUBLISHING THIS LIST.

I PRESUME THE COST WOULD BE COMPARABLE IF OTHER DAILY NEWSPAPERS WERE REQUESTED TO PUBLISH THE LIST SINCE ALL WOULD BE FACED WITH THE SAME OR SIMILAR PROBLEMS.

I KNOW OF NO WAY WHERE THE LIST COULD BE MADE AVAILABLE TO AS MANY PEOPLE AS PUBLICATION THROUGH A DAILY NEWSPAPER. THE SEATTLE TIMES CIRCULATES THROUGHOUT THE STATE OF WASHINGTON, ITS PRINCIPAL CIRCULATION AREA BEING THE SEATTLE METROPOLITAN AREA. IN THE EVENT MAXIMUM ADVANTAGE OF THIS TECHNIQUE IS TO BE OBTAINED, THEN I WOULD SUGGEST THE SAME STEPS BE TAKEN BY A DAILY NEWSPAPER IN PORTLAND, SACRAMENTO, SAN FRANCISCO AND POSSIBLY RENO, NEVADA.

BUREAU IS REQUESTED TO ADVISE IF IT WOULD AUTHORIZE THE EXPENDITURE OF UP TO SIXTEEN HUNDRED DOLLARS FOR PUBLICATION OF THIS LIST IN THE SEATTLE TIMES.

Re Seattle letter 12/13/71 transmitting copy of a letter received by the managing editor of the SEATTLE TIMES on 12/13/71, signed "D. B. COOPER."

On 12/14/71 SA BOB MATHESON called from the Bureau. He advised that the UPI carried an article today concerning a letter received by the LOS ANGELES TIMES; and wanted to know where the original of this letter could be located since Los Angeles advised they had a copy.

I told him that the SEATTLE TIMES likewise received a copy, as did the WASHINGTON POST and the NEW YORK TIMES, and that we had sent a wire to Los Angeles, New York and WFO to get the copy received by them.

While talking to SA MATHESON, I called [redacted] at the SEATTLE TIMES, who had furnished the letter originally and he said he had given us everything they received.

b6

I advised MATHESON that I suspected that very likely the original was still in the hands of the writer.

The following personnel at Northwest Airlines, SeaTac International Airport, were interviewed on December 6, 1971, by SA EDWARD J. ANDERSON, regarding the Opaque polyethylene bag alluded to in the Sacramento airtel to Seattle, November 29, 1971. Each stated that the type bag displayed is not the standard type used by Northwest Airlines nationwide. It is possible that this bag may have been substituted aboard #305 on November 24, 1971, by airline personnel somewhere along the line, but it is highly improbable:

Result of examination:

Specimen Q1 contains eight cigarette butts. Seven of these are Raleigh 85mm filter-tipped cigarette butts. The eighth cigarette butt has the same design and composition as Raleigh 85mm cigarettes and, accordingly, is probably a Raleigh 85mm cigarette. This type of cigarette is sold in a "soft pack."

A brown head hair clipping and a brown limb hair both of Caucasian origin were found on Q2. The head hair clipping is suitable for significant comparison results; however, the limb hair possesses too few unique microscopic characteristics to be of value for this purpose.

Foreign textile fibers of various types and colors removed from Q2 have been placed in a pillbox.

Portland, Oregon

December 8, 1971

UNKNOWN SUBJECT, also known as
Dan Cooper, Northwest Airlines Flight #305,
Portland to Seattle, November 24, 1971

"The Daily Telegraph", a London, England, newspaper, contained an article on May 28, 1971, on Page 4, describing a plot by an unknown subject using the name "Mr. Brown". This individual hoaxed the Qantas Airline at the Sydney International Airport, apparently in Australia, into paying 235,000 pounds ransom money after a bomb threat. The aircraft involved was a Boeing 707 Airliner. "Mr. Brown" is not described in the article, but an "Identikit" picture of him bears a resemblance to an artist's sketch of an unknown subject who hijacked an airliner between Portland, Oregon, and Seattle, Washington, on November 24, 1971, and extorted \$200,000 from Northwest Orient Airlines. This individual is described as white male, 6'1" tall, 170-175 pounds, age-mid-forties, olive complexion, brown eyes, black hair, conventional cut, parted on left; slender build.

Will obtain disposition of the case relating to "Mr. Brown" and the Qantas Airline in May, 1971.

Will obtain description of "Mr. Brown".

Will attempt to determine if "Mr. Brown" could have been in the United States, particularly in the Seattle, Washington, Portland, Oregon, region during November, 1971. The Northwest Orient Airlines hijacking took place on November 24, 1971.

The gelignite bomb whose discovery in a locker at Sydney International Airport triggered off the train of events in Wednesday's £235,000 hoax involving a Qantas Boeing 707 airliner.

CLUES TO QANTAS HOAXER

By J. D. HOLDSWORTH
In Sydney

AUSTRALIAN police are hopeful that they will soon be able to trace "Mr Brown" and his accomplice who hoaxed Qantas Airline into paying £235,000 ransom money after a bomb threat on Wednesday.

Close scrutiny of a bomb and bag found in a locker at Sydney Airport has yielded valuable information, they say. Examination of tape recordings of "Mr Brown's" voice on the telephone has also given a lead to his nationality.

Information from other sources has given useful leads and police hope the £23,500 reward offered will bring tips from the underworld.

The ransom money was paid out to the accomplice in new or nearly new 20-dollar notes after phone calls threatened that a

An Identikit picture of

bomb would explode on an airborne Boeing 707 with 116 passengers aboard.

The serial numbers of the notes are known and lists are being published.

All international police agencies have been given a full description of the accomplice and an Identikit picture has been distributed.

The airline defended their handling of the expensive hoax — they were not insured against such a loss and the money must be written off. Their critics were told by an airline spokesman yesterday: "Go to hell."

Federal Bureau of Investigation

Dear Sirs,

Olympic Helicopters can provide valuable assistance to you as a time saver in your investigations and search operations. By eliminating wasted travel time for investigators and for evidence to reach your laboratories, a chartered helicopter can result in economies far exceeding the charter cost. A helicopter can also be invaluable for searches or surveillance operations.

We have two types of helicopter available for your charter. The Hughes 300 is a small two passenger machine that is ideal for beating the ferry schedule, congested or non-existent roads, or for searches. It cruises at 80 MPH and charters for \$75 per hour. For longer distances and when you are in a real hurry, our Hughes 500 turbine powered helicopter is the answer. It carries four passengers at 140 MPH cruise for \$225 per hour.

Respectfully yours,

In reference to the recent hijacking committed by (D. Cooper) I've been reading various news articles and I believe I've discovered something of value. Consider the enclosed newspaper clippings. There is a definite resemblance between the photo of John E. List and the artist conception of D. Cooper.

It would seem that Mr. List has the type of grooming, background and intelligence that has been described by witnesses in the hijacking incident. Also, Mr. List would have the motive because if he were killed during the hijacking, he would have nothing to lose since he had already murdered his family. It is suspected in both cases that each man has left the country.

On 11/27/71, at approximately 11:45 a.m., [redacted] Texas, telephone No. [redacted] telephonically contacted FBI, San Antonio, and stated that he had some information that may possibly be of some value in above-captioned case.

[redacted] stated that on 11/23/71, he took [redacted] to Austin Municipal Airport, Austin, Texas, so she could fly to Dallas, Texas, via Braniff Airlines Flight #8, departing Austin at 1:05 p.m. for Dallas.

While standing at the Braniff Airways window at 12:20 p.m. he noticed a man who came up to the window and started talking to the Braniff employee. [redacted] said that the unknown man questioned the employee about connections from Dallas to Seattle. When the employee informed him of different matters concerning the flight he refused to take her word for it and insisted that she verify it all by making different phone calls. Unknown individual would ask the employee some questions and then step aside and talk to another individual who seemed to be with him. Unknown individual doing all the talking with the Braniff employee seemed overly concerned with the exact time and connections for this proposed flight.

The following description of the two unknown males and the Braniff employee were obtained from [redacted]

Unknown Subject #1 (person doing talking):

Sex	Male
Race	White
Weight	170 to 180 pounds
Age	38- 45 years of age
Hair	Brownish, combed straight back
Dress	Gray, slightly mod
Complexion	Medium

Unknown Subject #2:

Sex	Male
Race	White
Height	6'2" - 6'3"
Weight	175 - 180 pounds
Age	35 to 40 years of age
Hair	Dark

SA 164-111

Braniff Employee:

Sex	Female
Hair	Black
Age	30 - 35 years or age

[redacted] further described Unknown Subject #1 as looking like Vice President AGNEW in the face but said that the man was not as heavy as AGNEW. [redacted] also stated that both unknown subjects seemed to have a slight accent, possibly German. According to [redacted] Unknown Subject #1 also mentioned Northwest Airlines when talking about going to Seattle. Unknown Subject #1 flew to Dallas on Flight 8.

[redacted] Special Agent, FBI, Seattle, was telephonically contacted at approximately 5:30 p.m. on 11/23/71, and he advised that investigation should be conducted at the airport in Austin to ascertain the names of the two unknown individuals that [redacted] was suspect of.

On 12/8/71, [redacted] Texas, Braniff Employee, advised she does not recall the above incident.

For information of Seattle and Minneapolis, photographs previously submitted by Houston of [redacted] are most recent ones available to the Texas Department of Public Safety Identification Division.

On 12/8/71, photographs of [redacted] may be identical to [redacted] and [redacted] were obtained from the Texas Department of Public Safety Drivers License Section. Their driving records describe them as follows:

Race	White
Sex	Male

Sim!

A would like to
help you with some
suggestions on how to
find O.B. Cooper. You
probably have thought
of the same things that
I am about to mention or
they may have been
suggested? But if not
here they are. Why not
a similar drop from
a 727 with conditions
the same except leave
the darkness out. Have
at least five 5 by 5's
leave at 30 sec intervals
along the suspected departure
over

164-81-1268

route. Have Air and Ground
observers pick the jumpers
up. This it seems to me
would give you some better
idea where to start digging.

If I was a critic I
could start picking my idea
apart. The wind being variable
and all. Plus some other
things. But if it hasn't been
tried who knows? Your
Ground Search was maybe
Thorough but I'd give it
another try. It's awful easy
to miss something you
looking for some times.

Especially if it's blended
in with surroundings.

Of course what he

II

many have been wearing plus
the chute. gill most people
would think he'd be awfully
easy to spot. But it's not
that easy. The shadows
and different colored foliage
plus sunlight which of course
(SUNLIGHT) you didn't have.

These things can play
some awful tricks on the
searchers eyes. I've had
people with me who couldn't
see or hear 30 FT away
in the brush. There are
awful lot of places a
man could disappear in the
woods and almost never be
found. I personally believe
he hung up midway
over

in a Tall tree with the
chute sticking out in a
way that it would be
hard to see from the air
or ground. What I mean
is when looking for deer
you don't look for the
whole deer, you look for
an ear or tail or nose.

How many of your
searchers were looking for
an elbow or a knee or
a foot. Probably a majority
of them were looking for
old D.B. in the whole.

Now the snow
presents a problem. A
Spring Search is most probable.
But I'd keep up a Winter
Search also. Page III Please.

III

By a Winter search I mean
a Small crew 2 or 4 men
with ^{SNOW} snow shoes who would
stay up there in the bush
and look thru trees over
a little better. Was every
Tree looked at from all sides?

ARMED AND DANGEROUS.

Sirs,

I knew from the start that I wouldn't be caught.

I didn't rob Northwest Orient because I thought it would be romantic, heroic or any of the other euphemisms that seem to attach themselves to situations of high risk.

I'm no modern day Robin Hood. Unfortunately do have only 14 months to live.

My life has been one of hate, turmoil, hunger and more hate, this seemed to be the fastest and most profitable way to gain a few fast grains of peace of mind.

I don't blame people for hating me for what I've done nor do I blame anybody for wanting me to be caught and punished, though this can never happen.

Here are some (not all) of the things working against the authorities:

I'm not a boasting man

I left no fingerprints

I wore a toupee

I wore putty make-up

They could add or subtract from the composite a hundred times and not come up with an accurate description; and we both know it.

I've come and gone on several airline flights already and am not holed up in some obscure backwoods town. Neither am I a psycho-pathic killer. As a matter of fact I've never even received a speeding ticket.

Thank you for your attention.

For information of FBI Laboratory, referenced teletype reflects copies of same letter received by the "New York Times", "Seattle Times", and "Los Angeles Times". The letter bears typed name of "D. B. COOPER," the same name utilized by unsub in captioned matter.

The initials "CWH" and the date "12/14/71" on the lower right corners on the back of both the envelope and letter were placed there by WFO agent. The significance of the number "717171694*", appearing next to the copy count in the lower left corner on the face of the letter, remains unknown.

Efforts were made by WFO to preserve the letter and envelope for latent fingerprints. However, both were handled by an unknown number of individuals at "The Washington Post" prior to being obtained by WFO.

REQUEST OF THE BUREAU

The FBI Laboratory is requested to determine the style of type and make of typewriter utilized in typing the letter and envelope. The letter should also be compared with any copies of same furnished by other divisions.

The stamp on the envelope should be compared with the stamps on any other envelopes submitted by other divisions to determine if at one time they were part of the same sheet of stamps.

The Identification Division is requested to examine both the letter and envelope for the presence of any latent fingerprints of value.

It is also requested that the above enclosures be subjected to any other appropriate examinations which would aid in identifying the individual who wrote the letter.

The following investigation was conducted by SA [redacted] on December 1, 1971:

b6
b7C

Major [redacted] Maxwell Air Force Base, Alabama, advised he is acquainted with sport parachutists and skydiving activities in the northwestern section of the United States.

b6
b7C

The U. S. Parachute Association has divided the country up into about seven regions with a total membership of about 25,000 to 30,000 people.

He further indicated that he firmly believed that if this had been a skydiver who committed the hijacking, the skydiver would not have come from the Northwest section of the United States. He believed that since most skydivers know each other in a section of the country, this would preclude it being an individual from that section of the country.

Major [redacted] advised the jump from 10,000 feet in bad weather is not a great physical feat and there would be no problem in jumping at that altitude in bad weather. He advised that an individual would not need jump boots and stated that he, himself, has skydived with tennis shoes on.

b6
b7C

At this time Major [redacted] was shown an artist conception of an individual, allegedly the hijacker of Northwest Air Lines Flight 305, and he indicated he did not know anybody in his section of the country who fit this description. Major [redacted] further stated that whoever set up the hijacking operation in this case knew quite a lot about airplanes. He further indicated that probably the reason behind the four parachutes given to the hijacker was that the hijacker wanted to test the good faith of the people on the ground inasmuch as a skydiver would be able to tell whether or not parachutes were operable. He further indicated that if two parachutes were left behind in the aircraft, the hijacker could have dropped one 'chute and activated it as a decoy to ward off any trailing aircraft, and then could have bailed out after the decoy 'chute was dropped.

Major [] advised that if the hijacker were knowledgeable in flying and skydiving, he could have checked with the Portland, Seattle or Reno Weather Bureau a day or two before his feat concerning the weather forecast along the route. If a pilot is about to take a cross-country, he would normally check the weather bureau by indicating his name and aircraft number to the weather bureau in order that this information could be furnished. If this were the case, there is a possibility that someone could have checked the weather on a route between Seattle to Reno a day or two before the hijacking.

b6
b7C

Major [] further indicated that he was going to [] California, area for Christmas and intended to make a few jumps (skydive) and would check with his friends in that area of the country regarding the hijacking and if any positive information is obtained, he would contact the FBI in Montgomery, Alabama, upon his return after the Christmas holidays, or he would contact the San Francisco Office of the FBI.
